What if it's just me?
Yeonghwa hanpyeon kkeunnadeusi
As real as it can be
Gapgapaeddeon gieokdeureun
Where I can't just see
Changmuneomneun bange
When I am set free

Mother Russia in my cup
And my glasses foggin' up
Oh yeah hey dog hey what's up
Oh yeah hey dog hey what's up
When the sweaty walls are bangin'
I don't fuck with family planning
Make it rain girl, make it rain
Make it rain girl, make it rain

Make it rain girl, make it rain
Make it rain girl, make it rain
Make it rain girl, make it rain

Every week I have the same thought
What if it's just me?
As if a movie is ending
As real as it can be
All the suffocated memories
Where I can't just see
In a room with no windows
When I am set free

Mother Russia in my cup
And my glasses foggin' up
Oh yeah hey dog hey what's up
