What if it all was just the same thing?  
What if we all just become one thing?  
What if we are all just the same thing?  
What if we were the same being?

Hana, dul  
Set, net, set

You going into my beginning  
Out of the same thing  
Came the same thing  
We're just going to become the same thing

Hana, hana  
Hana, hana  
Hana, hana  
Hana, hana

What is it about being a thing  
That makes you a thing?  
Because we're all just the same thing  
I don't want to be the same thing  
But I am the same thing  
There's so many different parts of the thing  
The scary thing, the comfortable thing  
The nice, the mean  
What if it was all the same thing

Hana, hana

What if you're born into a thing  
What if you eat the thing  
Or fuck the thing  
To become the thing  
What if you had to be the thing  
In order to know the thing  
Trying not to become the thing  
That did the thing to the other thing  
Trying to make it not a self-prophecyng thing

What if we're all just the same thing  
I just don't know what it is to be a thing  
Now we're all just the same thing  
Trying to become the same thing  
I just want you to make you feel like you're a thing  
You can't even think about the thing  
We haven't been given language with the thing  
Just trying to tease moments away from the thing  
Too close to the thing to ever know the thing  
What if I have always been the same thing  
That you can't be a thing  
And now we'll go back into the thing  
It's all the same thing  
We're all the same thing

What if it all was just the same thing?  
What if we all just become one thing?  
What if we are all just the same thing?  
What if we were the same being?
