

## Back

Yael Naim

Back to the places  
You came from  
The one you were made of  
This love  
You have been carrying  
All these years  
Forgive  
For you can not go on  
If you carry the weight  
It's not too late

For the tears you dropped  
They taught you how to play  
Now stay  
Your heart can take it  
He'll show you where is that place  
Where you'll be safe to sing again

For the tears you dropped  
They taught you how to play  
Now stay  
Your heart can take it  
He'll show you where is that place  
Where you'll be safe to sing again
