

# Call Me More Sometimes

Yang Da Il

I'd like it if you called me more of the time  
Oh just for tonight yeah  
If I'm on your mind  
Call me sometimes  
(Call me)

I know we said that we would only be friends and  
I'd never think about wanting you to stay at mine  
Kinda think I've jumped a little far in though  
I think I said that when I wasn't thinking about you at night

Maybe it's not so bad to change  
It's on you but I would love for you to stay  
We tried it once and I would love it again  
Now I've made my mind up

I'd like it if you called me more sometimes  
Yeah I wouldn't mind  
If you'd like to try it  
Cause I love it when you call me more of the time  
Oh just for tonight yeah  
If I'm on your mind  
Call me sometimes  
(Call me sometimes)  
Oh just for tonight yeah  
If I'm on your mind  
Call me sometimes  
(Call me sometimes)

I don't want to break this but I'm tempted  
Cause I could fall in love with you but only if you want me to  
You haven't said but I'm guessing baby  
When you treat me the way that you do  
You know I'd love to be with you

But maybe it's not that bad anyway  
It's on you but you can always come and stay  
You know you're on my mind to me it's okay  
So I've made my mind up

I'd like it if you called me more sometimes  
Yeah I wouldn't mind  
If you'd like to try it  
Cause I love it when you call me more of the time  
Oh just for tonight yeah  
If I'm on your mind  
Call me sometimes  
(Call me sometimes)  
Oh just for tonight yeah  
If I'm on your mind  
Call me sometimes  
(Call me sometimes)

(Call me sometimes)  
(Call me sometimes)  
(Call me sometimes)  
(Call me sometimes)
