

Wide awake
Wide awake
Wide awake

Forget the things you know
How could they be so cold
Those empty promises and lies that we've been told

Just give me a chance before you leave
I've waited far too long
To prove myself to you
To you

Wide awake and so cold
(You'll never ever break me, you'll never ever)
Waste away alone
(You'll never ever make me, you'll never ever)
Wide awake and so cold

Pay to play
My body cannot take the cold
(Pay to play)
The cold
So take your promises
You were born to follow I will lead
(So wait your turn get in line)
Will lead

Wide awake and so cold
(You'll never ever break me, you'll never ever)
Waste away alone
(You'll never ever make, you'll never ever)
Wide awake and so cold
(You'll never ever break me, you'll never ever)
Waste away alone

Wide awake and so cold
So cold
Wide awake and so cold
So cold
Wide awake and so cold
So cold
So cold
So cold
