Do you fill overtaking pain?  
Moving medial pictures...  
You're vomiting with blood...  
Murderer family...Shot child... Massacred body...  
...The victim of attack...maltreated woman...  
During spasms  
You fill going through  
You shutter  
"Death Gate" is inside you  
It's going - you fill again...  
Wonderful dark world  
Unnормally zone born by human  
Dark walks through streets  
Terror...Death...Plague...Clearence...  
Last seconds of life, falling into abyss...  
Shutter - murderer family  
The last glance, clean event and place - shot child  
The last conscience, speed and great hit - massacred body  
The last move, cut larynx - the victim of attack  
The last thoughts about children  
Bloody eyes, broken bones - maltreated woman...  
Revenge is coming slowly  
The last want to come and live - through you...
