

Escape

YBN Almighty Jay

You see me callin, I'm outside your place
You not at home now, it's okay, I'll wait for you
You got me stuck, shawty, it ain't no escape
(It ain't no escape, shawty, it ain't no escape, shawty)

You got that shit, I can't help but to want it
Two-three-four in the morning, you know I'm comin, shawty, I'm comin
Let's go out of the country, stamp on your passport, landed in London
Everything runway fashion, I want it
Everything Rick Owens, everything Vetements
Light-skinned bitch and she from the Dominican
Lamb truck landed in Dubai, drivin' this bitch like an illegal immigrant
I get so damn high, shawty
(High, high, high, high)
(High, high, high, high)

VVS all on your stones, shawty
You very special, not like nobody
Not like nobody, shawty, yeah, you different
Like it's your birthday, grantin' all your wishes
We can go wherever you want right now
Like right now, right now, shawty, like right now
Put on all black, I had to throw the white out
**** my diamonds, shinin' like a lighthouse
Went Maison Margiela, Marilyn Manson
I'm having ten bad hoes in a mansion
I'm havin' shit that these niggas ain't havin
Put this shit on, shit, I'm fly like Aladdin
Upgrade her G-Wagon, she ridin' Brabus
Don't gotta tell her, she know she the baddest
Look at your body, shit, I gotta have it
I gotta have it, I gotta have it shawty

You see me callin, I'm outside your place
You not at home now, it's okay, I'll wait for you
You got me stuck, shawty, it ain't no escape
(It ain't no escape, shawty, it ain't no escape, shawty)

You got that shit, I can't help but to want it
Two-three-four in the morning, you know I'm comin, shawty, I'm comin
Let's go out of the country, stamp on your passport, landed in London

(High, high
Ain't no escape, ain't no escape
Shawty, high
Ain't no escape, ain't no escape)
