YBN Almighty Jay

These niggas lame as hell
Know damn well they ain't playas (cook that shit up, Miah)
I was in Atlanta with Slime, made that hoe scream "free Jeff"
Don't need security, I got that frrr on me and it's stuffed with shells
Don't want love, girl, love yourself
Don't need love, I still need -
Don't need love, I still need help
Pour my heart out in this drank
With the cry of denim tears
Let it rain down purple rain
(Uh uhhhh)
Let it rain down purple rain
Wipers broke off switching lanes
How can you expect me to change
(Want me to change, shawty)

Send some shots and they know I got aim
Fucking that hoe, she was stuck on her tippy toes screaming my name
Off a perc, hope I don't Kurt Cobain
Too turnt, these niggas know that they lame
I spent a bag inside Ba-ba-Balenciaga
While you niggas shop at exchange
She got a tattoo of my name
But I never give her my time
Cut throat, she know that I'm slime
Fell in love with the dollar signs
Rolled up, I gotta get high
Every outfit cost like 5 racks a piece, that ho know I stay fly
(That ho know I stay fly)

Getting money be my thing
B-bad bitch be my main
I just walked in Johnny Dang
Think I need me a chain
She finna give me that brain
(She like, ain't you)
She like, don't you got two names
And that choppa be ready to bang
I get to holding that choppa like I'm rocking out left hand, right hand
Call me Kurt Cobain
She want me to beat it up

She want me to link it up
She be like top kid on that bullshit, because that boy got his heater tucked
I gave up too well (I know)
Blowing on dope, I'm shell (I know)

Made a ho scream "free Jeff"
Some of my niggas in jail
Catch them, wish them well
This ho get off the rail, see them, I make them bail

These niggas lame as hell
Know damn well they ain't playas
