

I Remember

YBN Nahmir

(Yeah, you gon' motherfuckin' feel this shit, boy
Bad boy)

I remember all them long nights
I ain't have shit
I told my momma I'm gon' get right, then got on my shit
Now we drop Audis with them big pipes
Bitch because I'm rich
And once you get into that fast life, you always in the mix
I remember all them long nights
I ain't have shit
I told my momma we gon' get right, then got on my shit
Now we drop Audis with them big pipes
Bitch because I'm rich
And once you get into that fast life, you always in the mix

Made a lot off of that rappin' shit, I might go flood my wrist
I'm goin' stupid, we still plugged in, with the Asian Crips
I know all of 'em talkin' but all time they ain't say no shit
We put bounties on bodies and then we scratch 'em off that list
My lil' bro turned you to cannabis, he did the whackin' shit
I done fucked so many hoes, I need to get my mattress stitched
I pull up to the party, just to get the packagin'
To the floor, know I'm a legend, look me up on Google, bitch
I'm the boss, we shootin' shit
Killed Tay with a coolin' kit
Opps, we knew they new to this
They ain't tryna take that risk
I cancel without a price
In traffic, I keep a pipe
I'm lowkey 'cause niggas psych
I pull up, we ain't gon' fight
Couple niggas turned hoes, I'ma let that shit go
No I can't take no L's 'cause that's not how I roll
My old hoe been told, when they snitched on my folks
Know these bitches get slayed then get kicked out my home

I remember all them long nights
I ain't have shit (I ain't have shit)
I told my momma I'm gon' get right, then got on my shit
Now we drop Audis with them big pipes
Bitch because I'm rich
And once you get into that fast life, you always in the mix
I remember all them long nights
I ain't have shit (I ain't have shit)
I told my momma I'm gon' get right, then got on my shit
Now we drop Audis with them big pipes
Bitch because I'm rich
And once you get into that fast life, you always in the mix
