Ain't Nobody Badder Than

Clark Kent I'm on my super tip
Getting five stars like a Uber trip
Went from Tiny Money straight to super rich
Twisting up the dreads like a lunatic
Mehn I feel like Martin Luther did
Cos I had a dream and now its super lit
Call me Demilade Kruger, bitch
Cos I murder everything including this
Mehn I been lowkey and vibin (lowkey and grinding)

You say that you flexing you lying (say that you flexing)
Your music na moment of silence (moment of silence)
Killing from Gidi to Cali (Chee)
Got all my shooters beside me (Chee)
You wonder why we niggaz grinding (You Wonder)
My pockets should look like Diezani (Look like Diezani)

Mehn I be chasing a cheque
Beating it up cos I'm wavy
Nigga we dipping and dabbing and swerving until we pull up in Mercedes
You hating then say with your chest
Still got my eyes on a jet
I just be dipping and dabbing and swerving until I pull up in Mercedes
So tell em you know it's amazing
The way that I'm feeling you know it's amazing
My nigga you know it's amazing
The way to that I'm feeling you know it's amazing

Trap trap
Got a couple millie in the backpack
Searching for my number like its NAFDAC
Chasing that cheese like a lab rat
Wait
Double tap that
Say you gat girls now mehn I had that
Nowadays all you niggaz don dey yarn trash
Sweardown I was the one they used to laugh it, now
They aint laughing any longer
I was weak but now I'm stronger

And still get bodied on the song (still getting bodied)
