

Tonight

YCEE

Ain't gon be tonight (dunno), ain't gon be tonight (vibe)
Ain't gon be tonight (yeah), ain't gon be tonight
Ain't gon be tonight, ain't gon be tonight
Ain't gon be tonight, ain't gon be tonight

I said it ain't gon be tonight
It ain't gon be tonight
It ain't gon be tonight
I said it ain't gon be tonight
It ain't gon be tonight
I said it ain't gon be tonight
It won't be tonight
I said it ain't gon, it ain't gon be tonight
That I ain't gon be your guy

Maybe baby we could work it out
Even though it ain't been working out yeah
I know you heard so many words of mouth
Been tryna tell the truth but it ain't coming out my mouth yeah
It ain't gon be tonight
Said I ain't tryna kill the vibe
I wanna redefine
And I ain't tryna read your mind
I just wanna tell you mine
Don't wanna tell no lies
I know that I've been wrong it's unintentional
I know that you've been hurting lemme heal your soul
I'm tryna give you loving that be medical
So baby why you really wanna let me go
Awon Sisi Sereko yeah
Baby let me in I'm feeling cold yeah
I give you worth more than silver and gold
Cos it ain't gon be tonight
It ain't gon be tonight

I said it ain't gon be tonight
It ain't gon be tonight
It ain't gon be tonight
I said it ain't gon be tonight
It ain't gon be tonight
I said it ain't gon be tonight
It won't be tonight
I said it ain't gon, it ain't gon be tonight
That I ain't gon be your girl

I could show up with some pizza
Netflix and chill
Maybe sip tequila yeah
I never drink with anyone else, only one I trust
Coz you let me be myself yeah
Ain't gon leave tonight
Put you on a vibe no sleep tonight
Put you in the zone, won't leave you all alone
My friends keep calling me I'm turning off my phone
Let these boys know that you got me now
Got a young girl feeling lucky now
Feeling like I won the lottery now

But it ain't gon be tonight
That I'm gon leave you all alone
Let me put you in the zone
Nothing lasts forever I know
But it ain't gon be tonight

I said it ain't gon be tonight
It ain't gon be tonight
It ain't gon be tonight
I said it ain't gon be tonight
It ain't gon be tonight
I said it ain't gon be tonight
It won't be tonight
I said it ain't gon, it ain't gon be tonight
That I ain't gon be your guy (girl)
