YCEE

Girl from the West Indies
Bring out the best in me
Shawty be blessing me constantly
She got the recipe, pull up and let me see
When we see, give me that energy
Pour me some Hennessy
Oh ma jeez, tell 'em to let me be love
You till I RIP

Where you like go?
I'll take you to a midnight club
Sip on whatever is in my cup
You got me feeling like Michael
Tell me do you remember the time
When I was all on your mind
You kill a boy with that whine
Oh baby girl press rewind
And mami thick, she fit to be Chun Li
Mami you should pull up on me
Got a man weak, wonder what it's gon be
Turn a man to a zombie
