

# A Declaration Of Independence

Ye Banished Privateers

To greedy men who treat us wrong  
Has far too long our land belonged  
A tyrant and no king of ours  
Across the great vast ocean

Tooth for tooth and eye for eye  
Kiss your wife and child goodbye  
Tonight the knots of war we'll tie  
We'll die to win our freedom

If you be a fighting man  
Come and show us what you can  
And if you be a gambler Ma'm  
It's time to make your wagers  
If you be a pious lamb  
Say your prayers while you can  
Hear the cry of Scurvy Dan  
All rise against the

While king and fat men sack our land  
We must live to mouth from hand  
Our young'uns starve on their command  
So they can feed their armies

Now you see that fine man on his horse  
His unjust rule has run it's course  
I'll slit his throat without remorse  
And send him back to England

If you be a fighting man  
Come and show us what you can  
And if you be a gambler Ma'm  
It's time to make your wagers  
If you be a pious lamb  
Say your prayers while you can  
Hear the cry of Scurvy Dan  
All rise against the

Tax and tolls to parliament  
But not allowed to represent  
By usury our backs be bent  
But payback comes with interest  
So up with halberd up with sword  
Wooden pike and sharpened fork  
Let's cast a vote they can't ignore  
I dare them to oppose us!

If you be a fighting man  
Come and show us what you can  
And if you be a gambler Ma'm  
It's time to make your wagers  
If you be a pious lamb  
Say your prayers while you can  
Hear the cry of Scurvy Dan  
All rise against the

If you be a fighting man

Come and show us what you can  
And if you be a gambler Ma'm  
It's time to make your wagers  
If you be a pious lamb  
Say your prayers while you can  
Hear the cry of Scurvy Dan  
All rise against the

If you be a fighting man  
Come and show us what you can  
And if you be a gambler Ma'm  
It's time to make your wagers  
If you be a pious lamb  
Say your prayers while you can  
Hear the cry of Scurvy Dan

All rise against the Governor!
