

Intimacy

Years & Years

Gimme it now
Gimme it, gimme it right now
Gimme it now, now
Gimme it, gimme it right

I can't stand you
You get on my nerves
'Cause every time I'm in your bed I get what I deserve

Don't need to be pampered
To be your man
If all you got is under covers then I'm good with that

I'm here
Come closer
Let me tie you to a four poster
Shot gun, pull it, put it in a holster
Bang

It's too late to get off this road
I want you
But I'm not one for casual intimacy
Maybe one day something will change in me
Intimacy

Gimme it now
Gimme it, gimme it right now
Gimme it now, now
Gimme it, gimme it right now
Gimme it now
Gimme it, gimme it right now
Gimme it now, now
Gimme it, gimme it right

Your sex is heaven (Sex is heaven)
As far as I'm concerned (As I'm concerned)
I want you to stay but I don't want you to be another lesson learned

Come here
Come closer
Let me tie you to a four poster
Shot gun, pull it, put it in a holster
Bang

It's too late to get off this road
I want you
But I'm not one for casual intimacy
Maybe one day something will change in me
Intimacy

It's too late to get off this road
But I'm not one for casual intimacy

Gimme it now
Gimme it, gimme it right now

Gimme it now, now
Gimme it, gimme it right now
Gimme it now
