

Make It Out Alive

Years & Years

Staring into lonely eyes
Staring into my reflection
If all I know is hurt, I'd rather be high

I know it's gonna rain sometimes
Heaven doesn't make exceptions
I never thought I'd see a cloud in the sky

Promises that haunt my dreams
You're the storm that's hanging over me
Oh, yeah

Every word twists like a knife
And I'm left here high and dry
I don't know if I'll make it out alive
And I'm pushing it to the edge
'Cause I just want to forget
I don't know if I'll make it out alive

All I ever see is blue
You are so hypnotising
The colour of your eyes, I'll never get over you

And maybe that's the way I was made
To hold on to the things that I can't change
I just wish I had the courage to see the truth

Promises that haunt my dreams
You're the storm that's hanging over me
Oh, yeah

Every word twists like a knife
And I'm left here high and dry
I don't know if I'll make it out alive
And I'm pushing it to the edge
'Cause I just want to forget
I don't know if I'll make it out alive

No, I don't know if I'll make it out

Every word twists like a knife
And I'm left here high and dry
I don't know if I'll make it out alive
