Years & Years

Uh  
Doo-doo-doo-doo

Tell me something  
Say what you gotta say  
Tell me something  
Talk to me  
Polari  
Say what you gotta say  
Tell me something  
Talk to me  
Polari

Everyone's saying something  
Like saying something is saying something  
But they're saying nothing 'cause they've got nothing  
They're just taking my time and taking my space

Uh  
Say what you gotta say  
Tell me something  
Talk to me  
Polari

One, two, three, four
