

2 Up

Yeat

Back in the day was a tweak
Look at me now, I'm a geek
Pull up, suck it, yeah
And I just made this beat
When you pull up, don't speak
I've been on molly for weeks

Yeah, only way I know is up, yeah
Let's go, pull up, she suck it, she eat
'Bout to get high, 'bout to geek
I'm in the stu' off a Addy (Too up)
I ain't been around in a week
Bout to take a Perc', I ain't sleep
Only like a bitch off the X
Even then, I only want sex
I don't even think I'm depressed (No)
She say that she love me, she say, "I'm in love with you"
[?] Balenci shoe
You can't talk that shit if you you broke
How you gon' let that get to you?

I know while you broke that you not the same but that's something a ho would do
And you gotta go get this bag, gotta go run it up, ain't nothing holding you
You say it's not me no more, bitch, you just the same from the old you
