

# FOREVER AGAIN

Yeat

Off with they head, you a dead man walking  
Off with they head, you a dead man walking  
Keep pushing on, get the fuck from round me  
Off with they head, yea keep yo shit from round me

Remember me, oh you do  
Remember me, oh you do  
And I'm on demon time again  
Every time that you come through  
And I don't need it but I want it  
And I tell you partial truths  
I know you like this lifestyle  
Girl, I know you like this lifestyle  
I know you like this lifestyle, you can't keep away  
Yea I get you bent, get you broken, throw away

Beg, you gotta ask if it's ok  
I know it's bad, I gotta come out in play  
And I'm geeking, I ride with the gun  
In the big body Tonka today  
Yea we come out we chasing the sun  
Imma count up my bands today  
And I know it's bad for me  
Walking circles around my lifestyle  
I know you bad for me  
Know you love all these lights when I'm iced out  
Yea, to keep money in her cake  
Yea, I don't even need to say it

Forever again  
Forever again  
Its forever we waited

Off with they head, you a dead man walking  
Off with they head, you a dead man walking  
Keep pushing on, get the fuck from round me  
Off with they head, yea keep yo shit from round me
