

ILUV, ILUV

I love when you rage with me
I, I, I love
I love when you stay with me
I, I, I, I
How long can you stay with me?
How long can you stand for me?
I don't think you understand what we saying to you
I'm off the drugs in the club, I lo-, I love
I love when you show, love when you show, love when you show
I love, I love (ILUV, ILUV)
I love, I love when I go up 'cause I go up, yeah, all the time
I love, I love all the time
In the crib, in the whip, on a dime
And I'm flying, and I'm on a jet all the time, uh
I'ma buy your fucking company and sell your hard work for a dime, uh
I seen 2093, fucking came back, yeah, every time, yeah
I'm tryna tell you something, but you won't listen to mine
And it's fine, it don't surprise me, but I (ILUV, ILUV)

I love it, I love it, I love when they hate on, I love it
I love it, I kn-, I know you mad, I know you love it, uh
I know you try not listen to me, yeah, but I know you love it
I know you can't resist the temptations put in front of you, uh

I know you tryna do this so I'll show I, I'll show you
I know you need to cry so here's a, uh, uh, here's a shoulder
I heard you tryna die so here's a, here's a boulder
ILUV, ILUV

I love when you rage with me
I, I, I love
I love when you stay with me
I, I, I, I
How long can you stay with me?
How long can you stand for me?
