

King Tonka

Yeat

(Phew)
(Who that?)
Yeah it king tonka, yeah it king tonka (Err, err), yeah it king
t-
737, we get high and we crash (Phew)
Pull up, and we geek all night (All night)
Yeah, we could could fly around, like the Bentley-truck-
ing (Woo)
Yeah, we could fly around, I'm geeked on the kush (On the-, on
the-)
You could tell me shit, but you don't tell me nothing
I'm a number one rich ass junkie (No way)
Boot up, when we boot up on the X like it's X games (Woo, woo)
Boot up on the X, on the X game (No way, no way)
I be high, I'm geekin out my head, I'm on a heliplane
And I don't know nobody at all
We send him to Heaven, get 'em gone, I said (Send him)
I been out my head all along (Phew, phew)
I don't pay attention, I don't need attention
I just do the fuck, uh, what I want, when I want
Yeah, we move on, we get-, we get richer than ya
We all livin' on these droughts
Diamonds said, diamonds said, we don't give a fuck
Diamonds said, dabbin' on you, never show up
