

I'm in LA smoking nerdz, I'm doing math now
Imma rock out cause I made all these bands and have it planned out
Watch you fall off cause you biting on my swag like barracuda
Just hopped in Uber and she got good head like tutor
Your breath like a hooter, ride round on my scooter
You got caught, got neutered
Stay tall Ima trooper
Yeah they watch how I maneuver
Throw it all out at her booter

I'm in drop top mode
Why'd I switch my flow?
Pop me a perc and float
I'm bout to dip and go
Different creature, different mode
