

# ON 1

Yeat

Yea, yea we on one  
Put yo cups up if you on some  
Double up that money it's what they all want  
They wanna come fuck with us it's what they all want  
Bitch I get that money cause that's what I want  
And we get you tracked like a iPhone  
(Track yo iPhone)  
I do what I wanted  
Surfs on the side, on the beach all again  
Stop switching sides on ya friends all again  
No no don't you lie don't you tell me again  
Double up yo mind, it won't cross you again  
Maybach, golf course, driver, on me  
Yea yea we smoke em like a Newport or marby  
And we get you burnt, shrimp on the barbie  
Yea you is not this Lyfestylë, its what you wanna be  
Yea its what you wanna be, double C Chanel, no we don't stay at the double t  
ree  
Yea we hit the 4 seasons every other week  
Yea I geek up every night or every other weekend I can't decide when I'm hig  
h  
High when I'm high  
Fly when I'm fly  
Snip em cut ties  
Yea we leave you out of shape crinkle cut fried  
Yea I'm tryna cover my face I don't want you to see my eyes  
I don't want you seeing my eyes  
I don't want you seeing the prize  
I wanna keep your eyes on the money at all times  
Yea we behind them lines, yea we do it every time  
Yea we double up and cross em off get em crying  
(Again)
