

Psycho CEO

Yeat

Yeah, yeah, my diamond jump
Yeah, my diamond talk
Yeah, my money long
Yeah, my money tall
Heard it's tall as God
Heard you tryna come rock wit' us, we don't know who ya are
Let's get disrespectful
Let's get disrespectful
You better have some respect
When you talk to me
I'ma cut ya off
Cut you off when you talking to me, cut you off in my car
Cut you out my life
Where my scissors at?
Where my twizzys at?
Where my motherfucking army when I need that?
I'm the realest in this game, you know I bleed that
When we pull up, we courtside, where yo' seats at?
I'm in 2093, where yo' life at?
When yo' diamond clean like me, but can you wipe that?
I don't need to have my gun, you know I slice that
Yeah, I punch up on this beat, I fuckin' knife that

We got G-wagons, big money, big balls
Went to Europe for the week, I just took off
I keep my foot on the gas, no, I don't take it off
We so clean, yeah, we at Nike
I like being number one, hypebeast
When you fuck with me, then dead you might be (Dead)
I just poured a planet in my IV bag
You ain't got no money, it's obviously sad
I'm the psycho CEO
I'm that psycho CEO
Mr. Worldwide on this coat
And my diamond's hopping, I just spend a night on that boat
You was laughing, what happen? Now we laughing back at all these jokes (Ha)
You could say you don't like my shit, but then I know you lying
I'm done wasting time, I'm done waiting in line
And on top off all that shit, you always lying
On top off all that shit, I stood just fine
