Yeat

(GOONTEX)

Yes, I got the X with the woah-oah  
She say she gon' get back, she gon' woah-oah  
She say she gon' pull up like, you know  
She say she gon'-

It feel like an overdose is creeping up on me  
My face is numb, I can't feel nothin' but they know me  
I walked out the studio to get some air, walked in the hallway  
Feelin' deep but [?], but I need me everything  
Yeah, oh no, yeah, oh no, yeah, oh no, yeah, oh no  
How could the hell you didn't wanna put trust in the kid?  
Everywhere she creepin' on, she didn't wanna put trust up in the kid  
I'm feel way too gone, I'm feeling too fucked up  
All my pockets doubled up, I walked in, I leveled up  
Way too tapped with all my twizzys, said we way too up  
Feelin' way too gone  
I been in the sky, we humans we gon cry  
No, you not that guy, no, you not that fly  
I know why you try (Ah)

Hell you talkin' 'bout?  
Hell you talkin' 'bout? Yeah  
Hell you talkin' 'bout? Try something  
Hell you talkin' 'bout? Try something  
Hell you talkin' 'bout? Try something

I saw it losing, I saw it losing  
You make me glow  
Bitch, finna make me show up  
Tuh, I'm finna go up  
(GOONTEX)

Fuck, I'm tired of counting these bands in the mornin'  
Tired of go and ran it up this much, I ain't do nothing, I ain't try once  
Every weekend, bitch, I hit chanelly then I hit Balenci' you can't have nothin'  
I learn to finesse with the bank then I got all my money and invested and doubled up  
I feel, way too stuck, I'ma get all this money and run it up  
Lately, I feel too fucked up, finna take me break on the X but I can't go  
I am addicted but how could I change when everything going on in life is so damn good?  
(I know that you waiting)
