

Aggressive

Yebba

I like it when you get aggressive
Spit it out, hotel couch
Make a mess of us

Paint a promise with your sweat
I wanna wear it
Tell me now somethin' real
No, I won't forget it

My only one
You are my only one

I like it when you get aggressive
All that matters in your hands
I won't sweat it

Crash your closet, steal your gear
I'm your tomb raider
If you ever leave my side
Shit might make me manic

My only one
You are my only one

Until I die
For the life of me
Love me till I die
For the life of me
