

# Where Do You Go

Yebba

It's spinning me around again  
Like a little girl in a pink dress, oh  
Darkness was my only friend  
Up until then moment we met, oh  
And I held you so close

And you said, "Where do you go when you go?"  
"What do you take of your weary soul?"  
Oh, where do you go when you go?  
Oh, I just wanna know

It's spinning me around again  
Like a young girl in a prom dress, oh  
With all this worry in my head  
I'll stay up as late as I can, oh  
Till you come home, come home

And tell me, where do you go when you go?  
What do you take of your weary soul?  
Oh, where do you go when you go?  
Oh, I just wanna know, yeah

It's spinning me around again  
In and out of touch with the second hand, oh  
Time stops and I'll go

But tell me, where do I go when I go?  
What do I take of your weary soul?  
Oh, where do I go when I go?  
I just wanna know  
I just wanna know  
I just want to  
I just want  
I just wanna know  
Ooh, I just wanna  
I just wanna  
I just wanna
