

# Dope

Yelawolf

Catfish Billy mane, harder than a pinecone  
Hopping off an aeroplane, dropped in your time zone  
Trailer park pimp shit, I don't want the red rope  
Fuck all the report cards, bitch I know that I'm dope  
We know how to get buck, some of them do cocaine  
Take it to the moshpit, gang gang gang gang  
Tailor made boots on 'em, shotgun shell hot  
Do it for the slums now, from the AL dot  
Rock from a slingshot, straight to the target  
Window on the Honda, in the black market  
Coulda been a crime boss, playing with a full deck  
I don't care about the cost, now the red alert full threat  
'Cause you know that I'm dope

Used to be a bad mouth running round the house sayin' words that I shouldn't  
and I got it from my folks  
If I got caught, I would end up in my room sit down 30 minutes with a mouth  
full of soap  
Put it all on paper, go to sleep, then I wake up with the same bad mouth I w  
as sent to bed for  
Now I make a living selling all the bad words to the kids like me  
Who don't wanna be told  
Used to be a bad mouth running round the house sayin' words that I shouldn't  
and I got it from my folks  
If I got caught, I would end up in my room sit down 30 minutes with a mouth  
full of soap  
Put it all on paper, go to sleep, then I wake up with the same bad mouth I w  
as sent to bed for  
Now I make a living selling all the bad words to the kids like me

Walkin on thin ice, got a lot of weight on me  
You don't wanna roll the dice, gotta ride a team homie  
Talk about money well, I don't really give a damn  
Got your girl by the ponytail, she don't wanna lead a man  
40 in a paper bag, blood on the sidewalk  
Must've been the aftermath, somebody shit talked  
Neighborhood gon' wild, needles in the trash pile  
Used to never get a callback, now they got me on speed dial  
Feet in the reptiles and my head's on cloud nine  
Took a hit of dab now and I don't have no mind  
Outta body, in the zone, stoned like a white boy  
Still sittin' on chrome, out for the night boy  
And you know that I'm dope

Used to be a bad mouth running round the house sayin' words that I shouldn't  
and I got it from my folks  
If I got caught, I would end up in my room sit down 30 minutes with a mouth

Got a belt for a shoestring, hanging off the blue jeans  
Sagging like a wet dog, limping off of codeine  
Bitch got an attitude she just wanna to be man  
Now she got a napkin, wiping off the Madelene  
Raining on Broadway, lights on the ground now  
Got up in his alleyway, set the Harley down now  
Polka dot suit on her, Rockabilly clown guy  
Polka dot bullet holes, you don't wanna clown now  
Crawford kickstand, leaning like a G does  
Clique got the loud pipes, you know that we does  
Wind in the trees split, all of them leaves up  
Mobbin' like an army, fuck boy freeze up  
Yea the group coming in, looking for the green buds  
Roll it on the table, everybody sees us  
Fire up the zigzag, smoke in the air now  
Second-hand buzz and the weight it won't leave us

They said be careful what you say
