Yeah

You ever like

Been just like fed up with all, just with like a lot of shit, you know what I'm sayin'

Like you in position to help a motherfucker but it's like

Somebody call and need some' like every day, you know what I'm sayin'

And it's like, I prayed for this shit though, like

I wanted to be like, the one motherfucker to call on, you know what I'm sayin'

When they need somethin', you know?

But sometimes that shit get frustrating 'cause like

When they gon' ask when I need somethin', you know?

But like don't nobody see that shit, you know what I'm sayin'

And the one time you tell a motherfucker no man

It's like they whole world go upside down, like it just crashed, like

You don't remember like, when I was doin' all this for you?

But now I'm the bad guy, you know what I'm sayin'

I just be like off some shit like

I swear every day that I wake up

I'm tryna get me some paper

Take some trips out to Jamaica

See my mama on them acres

I know at five they ain't able

But I'm sick and tired of the favors

Get on your ass and they play you

And get mad when it's time to pay up

So I'm through with the favors, I'm through with the favors

I'm through with the favors, I'm through with the favors

I'm through with the favors, I'm through with the favors

I'm through with the favors, I'm through with the favors

Everybody want a piece of the pie but they don't wanna help you get it

I swear to God a nigga so sick and tired, of me motherfuckin' lendin'

Sayin' they gon' pay a nigga back this time, I'm just wonderin' when I'ma get it

Seem like every time I get to issuin' out, motherfucker end up missing

Tell me why the fuck you want to burn your bridges?

I guess 'cause you think I got it I ain't trippin'

These motherfuckers not my damn children

You're not the only one that's walkin' with feelings

And I don't need everybody in my business

How you gon' play me fool, we got history

That's the reason why I been keeping my distance

Because these niggas' company expensive

All day a nigga lendin' lendin'

Mama told me never mix friends with business

Got a big heart, steady winnin' winnin'

Sayin' that's the reason nigga keep on givin'

Long as a nigga got plenty plenty

I'll give my all down to a penny

But I'm not a pig, no guinea guinea

But you can get the fuck with that gimme gimme

I swear every day that I wake up

I'm tryna get me some paper
