

# Going Through Some Thangs

Yella Beezy

All this shit I been goin' through man  
Make a nigga want to put a spliff in the air  
Crazy thing about it, I don't even smoke

I just wanna (blow), light one and (just roll)  
Been goin' through some things and I just wanna clear my brain  
These niggas do the (most), and these hoes gon' be (hoes)  
These bitches change up on you, and them niggas do the same  
I been goin' through some things  
And don't nobody understand me man, not even family man  
I been goin' through some things  
Hopin' all this shit change 'fore a nigga go insane  
I been goin' through some things

Hey, damn right  
Nigga grind hard to get my fam right  
Shit'd be easy, we gon' plan lie  
I would've been living in the glam light, hey  
Sometimes I'm like damn life  
But me givin' up, that don't sound right  
So I keep my head up and watch the ground light  
'Cause the niggas plottin' on me want me down right  
Hey, doin' bad  
Why the fuck you want to see me doin' bad?  
Bitch I'm dealin' with my own problems  
I ain't tryna argue with your stupid ass  
From sun to sun I'm tryna get some money  
And stuff some hundreds in a Louis bag  
And you started fussing, throwing fits and cussing  
No time to be fuckin' with your foolish ass (with your dumb ass ho)  
Old English bitch, already with the in they feelings shit  
I been bumpin' heads with these knuckleheads  
Gettin' in to it on some silly shit  
And some of my closest niggas actin' like women, what's up with this?  
I don't owe a motherfucker nothin', I been hustled, tryna get rich  
Niggas feel like I don't fuck with 'em  
My bitch feel she don't make me happy 'nough  
Say look, I'm just one man, doin' all I can, give me a chance, fuck  
And nigga if I ain't really fuck with you I wouldn't fuck with you  
No ifs, ands, or buts  
I ain't never show my fuckin' feelings  
Nigga we already know what's up

If it ain't one thing it's a motherfuckin' 'nother man  
Always some shit comin' up, poppin' up man  
Like the devil keep on throwin' the sticks at me but I ain't gon' trip though  
h  
Keep my calm, progress, that's all I can do

I just wanna (blow), light one and (just roll)  
Been goin' through some things and I just wanna clear my brain  
These niggas do the (most), and these hoes gon' be (hoes)  
These bitches change up on you, and them niggas do the same  
I been goin' through some things  
And don't nobody understand me man, not even family man  
I been goin' through some things  
Hopin' all this shit change 'fore a nigga go insane

I been goin' through some things

Hey, niggas told me to be a pimp  
Really I ain't even got the patience for it  
I already got trust issues, ho get some stitches out my paper boy  
Always been a fly nigga, stackin' paper like a paperboy  
I guess this why niggas hate on me  
'Cause me and my niggas been makin' noise  
My team lady been havin' problems, so you know I had to step in  
On top of that I been takin' losses, this where the real shit kick in  
This shit too much for one nigga, reality just set in  
Niggas owe more money than I demand runnin'  
But them bills comin', send that check in

I just wanna (blow), light one and (just roll)  
Been goin' through some things and I just wanna clear my brain  
These niggas do the (most), and these hoes gon' be (hoes)  
These bitches change up on you, and them niggas do the same  
I been goin' through some things  
And don't nobody understand me man, not even family can  
I been goin' through some things  
Hopin' all this shit change 'fore a nigga go insane  
I been goin' through some things

It's too much for one nigga, one nigga to deal with, ayy  
It's too much for one nigga, one nigga to deal with  
It's too much for one nigga, one nigga to deal with  
It's too much for one nigga, one nigga to deal with
