

One Time

Yella Beezy

(Ooh, Lil Shun)

Yeah

Now baby, I know lately that we ain't did much
But on my mama, girl, I promise I'm gon' make that up
You sick of dealing with your nigga, so you hit up my line
'Cause you know that I'ma hit it, make you scream out, "Oh my" (Shun on Da B eat)
So let a nigga fuck one time, hey
Let me get sucked one time, hey
Skeet it on your butt one time, hey
Make you feel it in your gut one time, hey
Give you that touch one time, hey
Beat it in lust one time, hey
You need that punch one time, hey
Baby, let me hunch one time
So let a nigga fuck one time, hey
Let me get sucked one time, hey
Skeet it on your butt one time, hey
Make you feel it in your gut one time, hey
Give you that touch one time, hey
Beat it in lust one time, hey
You need that punch one time, hey
Baby, let me hunch one time

Hundred strokes a minute, hittin', twistin', flippin', switchin', diggin'
Gripping on her ponytail, stop it with the phony tales
You ain't never did it, that's a lie, you need to quit it
Go'n admit it, how a nigga had you bent up like a folding chair
Tiger paws slippin' down her titties if you ask me
I know that's your bitch, she got that birthmark on her asscheeks
Nasty, she got no morals, throat hollow, no gagging
Curling up my toes, the ho swallow
No sorrow, no regret
No sweat, she go fed
Go ahead and get that bread
Pigeon-toed and bow-legged
Chocolate tone, Caramellos
Redbones and hot yellow
I don't sweat her, I let her
So she do what I tell her

Now baby, I know lately that we ain't did much
But on my mama, girl, I promise I'm gon' make that up
You sick of dealing with your nigga, so you hit up my line
'Cause you know that I'ma hit it, make you scream out, "Oh my"
So let a nigga fuck one time, hey
Let me get sucked one time, hey
Skeet it on your butt one time, hey
Make you feel it in your gut one time, hey
Give you that touch one time, hey
Beat it in lust one time, hey
You need that punch one time, hey
Baby, let me hunch one time

Quit playin', come and fuck a nigga
I ain't layin' pipe 'less you suck a nigga

And I ain't nan' one of these sucker niggas
Bitch, I'm bossed up and got a bunch of skrilla
Hell yeah, I'm a country nigga
Bitch fell in love when I stuck it in her
Had to long dick her, and I touched her liver
When I eased it in, made her stutter a little
Pose for the cam, take a Polaroid
Bitch, I go hard and you know it's law
Trust my pimpin', I knocked the broad
Then I rub her down with this holy oil
She said, "Oh my God, I feel it in my heart"
Bitch give good brain, yeah, I know you smart
Say keep shit player, you gotta know your part
I'ma paint the picture, gotta know your art
And she so excellent, she so wet and shit
Hand over the bag soon as I met the bitch
Now I don't sweat the bitch, I just sex the bitch
I don't call the ho, I just text the bitch
But she a sexy bitch and I got pressure, bitch
Got a long dick, come and measure, bitch
Call a nigga up when you want pleasure, bitch
Say your name Angel and yeah, you heavensent

Now baby, I know lately that we ain't did much
But on my mama, girl, I promise I'm gon' make that up
