

Alone Tonight

Yellow Claw

If I came to your place tonight, would you
Let me in, let me in
If I came to your place tonight, would you
Let me in, let me in

I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one

If I came to your place tonight, would you
Let me in, let me in
If I came to your place tonight, would you
Let me in, let me in

I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one
I don't wanna be alone tonight
I don't wanna be the only one

If, if I came to ya
If, if
If, if I came to ya
If, if
