

# Bittersweet

## Yellow Claw

Sweeter than the berry  
I know you want the juice  
Suckin' on that cherry  
Bite in two

Do you wanna wet it?  
It's fresh for you  
You know you can get it  
But you choose

I like the way  
I move around (don't stop)  
When you're around, ya  
I like to taste  
In my mouth (don't stop)  
Oh in my mouth

I've been climbing up a naughty tree, naughty tree  
When you feeling for the most of me, most of me  
I've been climbing up a naughty tree, naughty tree  
When you feeling for the most of me, most of me

I like the way  
You're making my bittersweet, bittersweet  
I like to taste  
Your feel will makes me feel so weak, feel so weak  
Girl

When you go and said it  
Spread it all out on the table  
Know that you can get it  
Anything you want, you got it  
You like melons, taste like heaven when I bite it  
I'm not fallen, but I can be bite for the good life

I like the way  
I move around (don't stop)  
When you're around, ya  
I like to taste  
In my mouth (don't stop)  
Oh in my mouth

I've been climbing up a naughty tree, naughty tree  
When you feeling for the most of me, most of me  
I've been climbing up a naughty tree, naughty tree  
When you feeling for the most of me, most of me

I like the way  
You're making my bittersweet, bittersweet  
I like to taste  
Your feel will makes me feel so weak, feel so weak  
Girl

Lost them so I can just let go and you can feel that flow  
Lost them so I can just let go and you can feel that flow  
No, no, no

I like the way  
You're making my bittersweet, bittersweet  
I like to taste  
Your feel will makes me feel so weak, feel so weak  
Oh nah nah, nah
