

Can't Help Myself

Yellow Claw

Can't help myself
Think I'm loosing my mind without you
Can't help myself
I don't want to have to be without you
Can't help myself
Think I'm loosing my mind without you
Can't help myself
I don't want to have to be without you

And baby
Anywhere you go, anywhere you are
I just want to be there with you
Cause I, I don't wanna be without you
Without you, no...
I don't wanna be without...

(Switch that base)

Can't help myself
Think I'm loosing my mind without you
Can't help myself
I don't want to have to be without you

And baby
Anywhere you go, anywhere you are
I just want to be there with you
Cause I, I don't wanna be without you
Without you, no...
I don't wanna be without...

(Yellow motherfucking Claw)
