

CRUSH

Yellow Claw

We met up for a drink
We got along us two
After hanging for a while
You asked what should we do

You asked me can you dance
I looked at him and smiled
I try to be a good girl
But I wanna feel alive

I got a crush
Can't get enough
You told me hush
Oh what a rush

We met up for a drink
We got along us two
After hanging for a while
You asked what should we do

You asked me can you dance
I looked at him and smiled
I try to be a good girl
But I wanna feel alive

I got a crush
Can't get enough
You told me hush
Oh what a rush
