

I Like It

Yellow Claw

I like it like that
I like it like that
I like it like that
I like it like that

I like it like that
I like it like that
I like it like that
I like it like that

Well, you control me

I like it when you talk to me
You acting like you own me
I like it when you do the thing
Come give it to me slowly
Got things in mind I wanna do to you
It's so unholy
I like the way you touch my body
Love when you control me

I like it when you talk to me
You acting like you own me
I like it when you do the thing
Come give it to me slowly
Got things in mind I wanna do to you
It's so unholy
I like the way you touch my body
Love when you control me

I like it like that
I like it like that
I like it like that
I like it like that

I like it like that
I like it like that
I like it like that
I like it like that

I like it, I like it
When you control me

I like it, I like it
When you control me

I like it, I like it
When you control me

I like it, I like it
When you control me

I like it, I like it
I like it, I like it
I like it, I like it

I like it like that

I like it, I like it
I like it like that
When you control me

I like it, I like it
When you're sweet to me
And calling me your honey
I like it when you're treating me
And spending all your money
I wanna feel the heat with you
When you climb up on me
I like the way you move my body
Love when you control me

I like the way you touch my body
Love when you control me

I like it like that
I like it like that
I like it
I like it

I like it like that
I like it like that
I like it
I like it

I like it
When you control me
I like it
When you control me
I like it
When you control me

I like it like that
I like it like that
I like it like that
I like it like that

Like it like that
Like it like that
Like it like that
Like it like that

Like it like that
Like it like that
Like it like that
Like it like that
