

# REAL BAD THINGS

Yellow Claw

I wanna be an angel  
I wanna be an angel  
I wanna be an angel  
I wanna be an angel

I wanna be an angel, but I just can't behave  
I wanna be a devil, but it's evil that I crave  
With every breath I breathe, I make a wish for white wings  
But when I close my eyes, I see real bad things

When I close my eyes, I see real bad things  
Real bad things, I see real bad things  
When I close my eyes, I see real bad things

Real bad things  
When I close my eyes, I see real bad things  
When I close my eyes, I see real bad things

I wanna be an angel, but I just can't behave  
I wanna be a devil, but it's evil that I crave  
With every breath I breathe, I make a wish for white wings  
But when I close my eyes, I see real bad things

Real bad things, real real bad things  
When I close my eyes, I see real bad things  
Real bad things, real real bad things  
When I close my eyes, I see real bad things  
Real bad things, real real bad things  
When I close my eyes, I see real bad things  
Real bad things, real real bad things  
When I close my eyes, I see real bad things

Real bad things, real real bad things  
Real bad things, real real bad things  
Real bad things, real real bad things  
When I close my eyes, I see real bad things

Real bad things  
Real bad things

When I close my eyes, I see real bad things
