

Run Away

Yellow Claw

I do this for them
I do this for you yeah
Don't you ever worry about a thing
Cause we do it together now

Run away baby
Run away from all problems
I won't run away
Run away baby
Run away from all problems
I won't run away
Run away baby
Run away from all problems
I won't run away
Run away baby
Run away from all problems
I won't run away

Together now
I won't run away baby
I won't run away baby

Together now
I won't run away baby
I won't run away baby

I do this for them
I do this for you yeah
Don't you ever worry about a thing
Cause we do it together now

Run away baby
Run away from all problems
I won't run away
Run away baby
Run away from all problems
I won't run away
Run away baby
Run away from all problems
I won't run away
Run away baby
Run away from all problems
I won't run away

Together now
I won't run away baby
I won't run away baby
