

# Waiting

Yellow Claw

I don't need no words when I, when I said  
"Love, I need you here right now," is what you said  
The colors of your vibe let my soul on fire  
So let's not just stand here and waste anymore time  
Let's come together underneath the dark skies  
I love you forever, we won't let it die  
So let's not just stand here and waste anymore time, more time

I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your--

I believed in love before, 'fore I came  
And I'll giving you my word when I, when I stay  
Never leave your side, you open my mind  
Oh-ohh, yeah

I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your love  
I've been waitin' and waitin'  
I'm ready for your--
