

# Without You

Yellow Claw

You got me not falling at all  
I guess I knew was never yours  
But I never heard about them all, no  
You could've told me way before  
One in a million, I was more  
I wouldn't never let go  
So you are quickly moving on 'cause  
If you could've told me way before

But I'm good without you  
Keep looking but I'll never go back, no  
I was better but without your love  
I'm good without you  
And I'm not saying goodbye, baby, no  
I was better but without your love

Good  
But I'm good  
But I'm  
I was better but without your love

Tell me you know where do I go  
When the said all that calls me home  
Sometimes I wonder if we knew at all  
The way we knew it right before  
I see in your eyes, you hold back  
You don't even tell it's the same  
Sometimes I wonder if we all done  
Would you be drowning in my love?

But I'm good, ooh ooh ooh, without you, ooh ooh ooh  
I can't, I can't ever go back, no  
I was better but without your love, I'm

Good  
But I'm good  
I'm  
I was better but without your love

I'm good, without you  
But I'm good, without you  
But I'm good, without you  
But I'm good, without you
