

Cue

Yellow Magic Orchestra

[Verse 1]

Give me a cue

I think I've nearly found you

Give me a cue

I can see clues all around me

The sound of music

The crying of the air

[Verse 2]

Give me a cue

I think I've nearly found you

Give me a cue

I can see clues all around me

The sound of music

The crying of the air

Give me a cue

Give me a cue

The sound of music

The echo of the earth

[Verse 3]

I'm sick and tired of the same old chaos

Must be a way to get out of this cul-de-sac

Give me a cue

I can see clues all around me

The sound of music

The sound of my own voice

[Verse 3]

I'm sick and tired of the same old chaos

Must be a way to get out of this cul-de-sac

Give me a cue

I think I've nearly found you
