

[Verse 1]

Hot starlight where a blue moon
Dreams on the sheikh and she steals a night kiss
Baby's a belly dance
Mirage romance in Casablanca

[Verse 2]

Frankincense in the tresses of her hair
They ride the night on white mare
Her perfume drifts
On the Arabian air from the heart of the harem

[Chorus]

He carries her off down to palm-breeze oasis
Behind a sand dune croons
She with her Eastern promise
Secrets in the sand
Oh, she's only a desert song

[Chorus]

He carries her off down to palm-breeze oasis
Behind a sand dune croons
She with her Eastern promise
Secrets in the sand
Oh, she's only a desert song
