

# Barely Alive

Yellowcard

Maybe it's not my fault  
Maybe it's not yours  
Maybe we're just not those people anymore  
Maybe I don't love you  
Maybe I'm just bored  
Pretty sure we both miss the way it was before

Feeling like I'm  
Feeling like I'm

Barely, barely alive  
Feeling like I'm barely  
Barely alive

Maybe if I moved on, I'd be happier  
Find somebody new who kind of looks like you and make it work  
There's nothing left to say here I haven't already heard  
Silence is deafening and "sorry"'s just a word

Feeling like I'm  
Feeling like I'm

Barely, barely alive  
Feeling like I'm barely  
Barely alive

I built this house  
But it's not home  
I lost myself when I let you go  
I'm too young to be this old  
Terrified I'm gonna die alone  
Don't wanna die alone

Feeling like I'm barely  
Barely alive  
Feeling like I'm barely  
Barely alive

I built this house  
But it's not home  
I lost myself when I let you go  
I'm too young to be this old  
Terrified I'm gonna die alone  
I'm gonna die alone

Barely, barely alive  
(Don't wanna die alone)  
Barely, barely alive

Don't wanna die alone
