

This no ordinary love  
Ordinary, ordinary, ordinary love  
This no ordinary love  
Ordinary, ordinary, ordinary love  
Let's grow old together

Icing, you're the icing on the cake  
And I wanna take a bite  
Baby, may I?  
When I sing, eh, you the hook to my song  
You gotta give me something to hold on

So I say  
Baby mi jowo  
Under the moonlight  
Wa je ka shere

Let's grow old together  
What else are you looking for?  
I know what you want, yeah  
Let me be your shoulder, shoulder  
Anytime that you feeling down, baby  
Know I'ma be around you

You dey cool me like  
Ice ice ice ice ice ice  
E ge gbu madu, ice  
Ice ice, e ge gbu madu  
You dey cool me like  
Ice ice ice ice ice ice  
E ge gbu madu, ice

Oh, you cool my temperature  
Don't matter what time  
Dey give me fire, fire, yeah yeah  
Nothing fi put asunder  
You're my baby o finer finer, yeah yeah

So I say  
Baby mi jowo  
Under the moonlight  
Wa je ka shere

Let's grow old together  
What else are you looking for?  
I know what you want, yeah  
Let me be your shoulder, shoulder  
Anytime that you feeling down, baby  
Know I'ma be around you

We can make something so beautiful  
This is what love will do to you  
You know say I got you in my heart
