

# Embraced

Yendri

Won't you come to me, help me to forget  
Help me in this time I never want to go back

Just don't say anything, we're lying here  
forgetting anything what we fear

Being in your arms makes me feel alive  
Keeps me going on, makes me feel so save  
Being in your arms makes me feel alive  
Keeps me going on, makes me feel so save
