

Emptiness

Yendri

Nobody's there anymore
They're all gone
in the desert
Only there is emptiness
They've left behind

try, try, try, try to forget
cry, cry, cry
try, try, try, try to forget
cry, cry, cry!

So there's no life here
Where should I go
So nobody to talk to
What should I think

try, try, try, try to forget
cry, cry, cry
try, try, try, try to forget
cry, cry, cry!
