

## Emptiness

Yendri

Nobody's there anymore  
They're all gone  
in the desert  
Only there is emptiness  
They've left behind

try, try, try, try to forget  
cry, cry, cry  
try, try, try, try to forget  
cry, cry, cry!

So there's no life here  
Where should I go  
So nobody to talk to  
What should I think

try, try, try, try to forget  
cry, cry, cry  
try, try, try, try to forget  
cry, cry, cry!
