

Just Hurt Me

Yendri

Say, you want, you want to just hurt me
Say, you want, you want to just hurt me
(What have I done? What HAVE I done?)
Say, you want, you want to just hurt me

Why do you talk to me that way
Do you want to make me cry
What is just in your mind
I don't understand your kind

Say, you want, you want to just hurt me
Say, you want, you want to just hurt me
Say, you want, you want to just hurt me

What has driven you so far
to hate me
Why do you tell me all the lies
straight in my eyes

Say, you want, you want to just hurt me
Say, you want, you want to just hurt me

Never lie to me again,
never lie to me
Never lie to me again,
never lie to me

Say, you want, you want to just hurt me
Say, you want, you want to just hurt me
Say, you want, you want to just hurt me
Say, you want, you want to just hurt me
