So many posers in this scene  
Just ignore them, block it out  
That noisy noise, I'm in deep sleep  
Why you mad? Man, why you pressed?  
Chewed up that ggum  
Spat it out, back in the new game  
Before waking up, I gotta say

Hits like coma

No one can call out  
Full of drama  
I'm in deep but I don't stop  
Beat, I'm on that  
With that tight stuff  
'Til the coda  
This hits like coma

Uh, you're in my zone, come and follow

My vocal tone's weightless  
Up above that noisy noise  
Exhaling in the dark  
Follow the light, step up  
Knock, get that sleepy brain up  
Followed by a headache  
Still I go, no medic  
Cut that, I'm on it (Feel that)
