

Forever

YEONJUN

I try
Not thinkin' too much
Not movin' too fast
'Cause life will pass you by
Real quick
Watch this

I'ma throw a fit if I keep watchin' this watch tick
Keep your eyes on the prize, don't sit
Don't snooze
You got
Too much to lose, then it feels like

I try
Not thinkin' too much
Not movin' too fast
'Cause life will pass you by
Real quick
Watch this (I'ma throw)

Close my eyes
I don't know if I'd rather be dreaming, dreaming
Or be with you
'Cause I know that one day we'll be leaving, be leaving

So like forever ain't forever ain't enough
And time is runnin', you know better than to rush
Like forever ain't forever ain't enough
Tried to tell you I'm not ready yet to go

Strawberry day
Red like the sun rays
I love the taste
Could lay here all day

You love to say
Nothin' to say
So maybe

Close my eyes
I don't know if I'd rather be dreaming, dreaming
Or be with you
'Cause I know that one day we'll be leaving, be leaving

So like forever ain't forever ain't enough
And time is runnin', you know better than to rush
Like forever ain't forever ain't enough
Tried to tell you I'm not ready yet to go

Wherever I'm meant to be
Wherever I'm meant to be
I can't help it
I can't help it

Wherever I'm meant to be
Wherever I'm meant to be
I can't help it

I can't help it
