Yes

I'm moving through some changes  
I'll never be the same  
Something you did touched me  
There's no one else to blame

The love we had has fallen  
The love we used to share  
We've given up pretending  
As if you didn't care

Change changing places  
Root yourself to the ground  
Capitalize on this good fortune  
One word can bring you round  
Changes

I look into the mirror  
I see no happiness  
All the warmth I gave you  
Has turned to emptiness  
The love we had has fallen  
The love we used to share  
You've left me here believing  
In love that wasn't there

Change changing places  
Root yourself to the ground  
Word to the wise - Well you get what's coming  
One word can bring you round  
Changes

When I look into your eyes and try to find out how  
There's no way to save it now  
And everything I feel  
Changes  
Keep looking for  
Changes  
Changes

For some reason you're questioning why  
I always believe it gets better  
One difference between you and I  
Your heart is inside your head

One word from you  
One word from me  
A clear design on your liberty  
Who could believe when love has gone  
How we move on like everyone

Only such fools  
Only such jealous hearts

Only through love changes come

Change changing places  
Root yourself to the ground

Capitalize on this good fortune  
One word can bring you round  
Changes

One road to loneliness  
It's always the same  
One road to happiness  
It's calling your name

Change changing places - Changes  
Root yourself to the ground  
Capitalize on this good fortune  
One word can bring you round  
Changes

Change changing places  
Changes  
Root yourself to the ground  
Word to the wise - Well you get what's coming  
One word - One word can bring you round  
Changes
